Abstract (Word limit – 300 Maximum): The body of your abstract begins here. It should be single-spaced in 11-point Arial. It should be an explicit summary of your presentation that states the problem, the methods used, and the major results and conclusions. We recommend that you download these directions as a MS Word document and use it as the template for your abstract as it contains all necessary formats and styles. The content of the abstract will be the basis for acceptance of the paper presentation at the YIF and ICHG2023. The abstracts will be peer reviewed and authors will be informed about acceptance for presentation via email.
